

Your business runs the follow-up. You run the business.

Automation means setting up a system that handles repetitive tasks automatically — runs 24/7 without anyone touching it. You pay once, it works while you sleep.

HERE'S HOW IT WORKS

Plumber

Leads come in from Angi's, your website, and Thumbtack — you check each source and reply manually. Now a system compiles every lead and sends a personalized response automatically. **Under 60 seconds vs. a 30-minute manual follow-up.**

WORKS FOR ANY INDUSTRY

Dental Office: Text reminders replace confirmation calls. **1 hr/day → zero staff time.**

Law Firm: Invoice follow-ups escalate at day 3, 7, and 14. **2 hrs/week → zero.**

Real Estate Agent: CMA PDF sends after every showing request. **45 min → 60 seconds.**

Restaurant: Vendor orders sync to POS data overnight. **3 hrs/week → fully automated.**

HVAC Company: Service calls route to the nearest available tech. **20 min/call → instant dispatch.**

Insurance Agency: One intake form populates three systems. **15 min/policy → zero duplicate entry.**

Gym Owner: Check-in text sends after 14 days of no visits. **3 hrs/week → zero.**

Accounting Firm: Tax document reminders go out on schedule and track responses. **5 hrs/week → automated.**

Property Manager: Maintenance requests route to the right vendor and track completion. **1 hr/day → zero.**

Auto Shop: "Your car is ready" text sends the moment the work order closes. **Phone tag → instant.**

E-commerce Store: Shipping updates send at every fulfillment stage. **30 min/batch → zero manual emails.**

Vet Clinic: Vaccination reminders send 30 days before each due date. **4 hrs/week → zero calls.**

Staffing Agency: Resumes screened and interview slots booked automatically. **2 hrs/day → zero manual sorting.**

Salon & Spa: No-show clients get a rebooking text within one hour. **Lost appointments → recovered revenue.**
